## Bachelor of Science in Nursing Program for Today's Working Student

The demand for nurses is skyrocketing as growing numbers of people requiring health care are reaching retirement age. Holy Family College's Nursing Program will help fill the growing demand for nurses.

The College's program prepares graduates to integrate principles of management, education and research into professional practice as clinicians, leaders, managers, teachers, client advocates and agents for change.

The Bachelor of Science in Nursing at Holy Family College is designed to develop professional nurse leaders in all areas of practice who can respond to the health care needs of a changing society. And you can earn your BSN degree in as few as three semesters.
